

Youblisher - <http://www.youblisher.com>

Step 1:

The screenshot shows the Youblisher homepage. A red box with the text "Click HERE" and a red arrow points to the "Create a free account" button in the top right corner. The page features a search bar, a list of benefits (Free Creation, Free Hosting, Free Support), and a section titled "3 easy steps" with instructions on how to use the service. A central image shows a tablet displaying a publication, with the Youblisher logo and a "Click here to see a demo" link below it.

Click

search publications

minutes, **youblisher** will turn your magazines, catalogs, business presentations and all other pdf documents into publications available pages!

1. Free Creation
2. Free Hosting
3. Free Support

Just try it now

3 easy steps

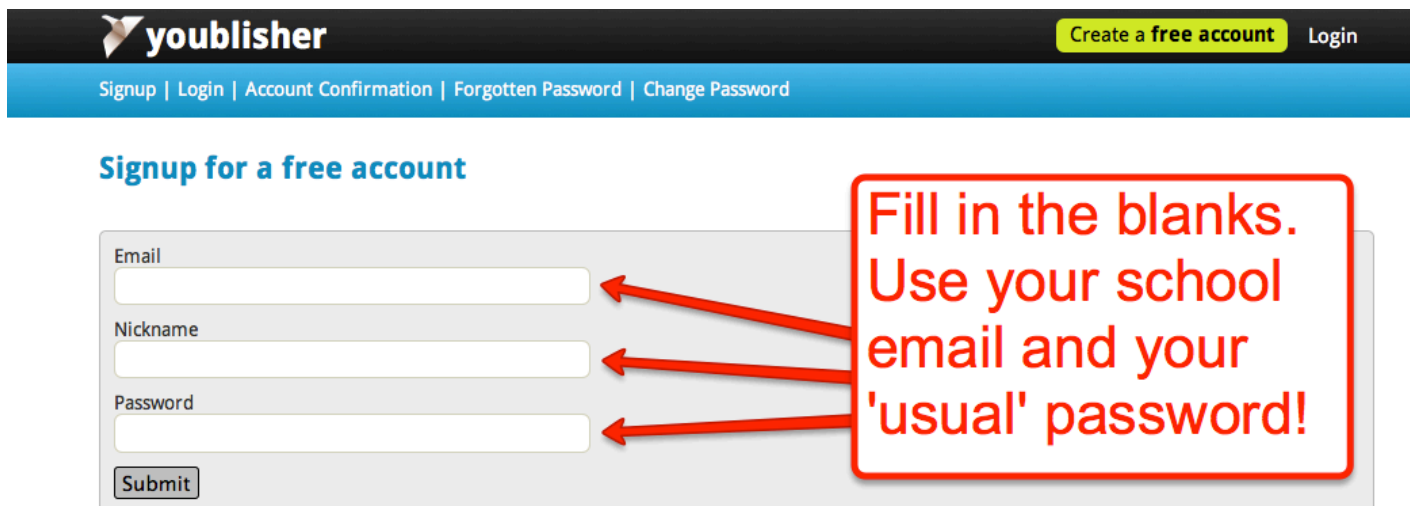

1. Upload your PDF document
2. Let **youblisher** do the rest
3. Add the link to your website

Test it without any obligation

Click here to see a demo

With **youblisher** - you're the publisher!

Step 2:

The screenshot shows the Youblisher signup form. A red box with the text "Fill in the blanks. Use your school email and your 'usual' password!" and three red arrows points to the "Email", "Nickname", and "Password" input fields. The form includes a "Submit" button and a navigation bar with links for "Signup", "Login", "Account Confirmation", "Forgotten Password", and "Change Password".

Fill in the blanks.
Use your school
email and your
'usual' password!

Click here to create a new flippable book.

Make sure you see THIS!

Step 7:

List all publications | Add new publication

Add a new Publication

Be aware that you are publishing on the internet and to the public.

Upload your PDF from your Computer

Use this if the pdf file which you want to make flippable is located on your computer. You can choose the pdf and then it will be uploaded and converted.

Click 'Browse' and find the PDF file you wish to upload.

Choose a file to upload:

Choose a pdf file to download:

Step 8:

Add a new Publication

Be aware that you are publishing on the internet and to the public.

Upload your PDF from your Computer

Use this if the pdf file which you want to make flippable is located on your computer. You can choose the pdf and then it will be uploaded and converted.

Click upload

IPAds-for-Learning-Getting-Started.pdf (4571 kb) : now click

Step 9:

List all publications | Add new publication

Publication Details

Title

Please Add a Title

Description

Tags/Keywords, comma separated

Submit

Fill in the blanks.

I keep it VERY brief eg Tag= Education

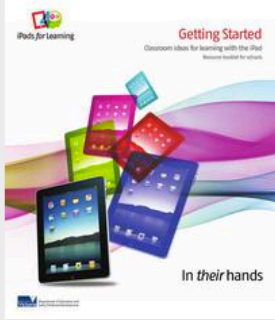

Click Submit

Step 10:

This is the 'Embed Code' you need to copy to add your eBook onto your blog. Choose either a small or a large cover (I tend to always go for large).

You can also 'View' 'Edit' or 'Delete' your project using these buttons.
